### Winter flights to Germany's biggest theme park

***Following the flights to Europa-Park during the "spooky Halloween Weeks? more airborne guests are expected at Germany's biggest theme park this winter. On Friday, 15 December, the first non-stop flight from Nottingham is going to touch down at Black Forest Airport in Lahr, followed by flights the very next day from Berlin and Vienna to Europa-Park. For the flights, the tour operators DERTOUR and Leger Holidays have been secured as partners in the tourist industry.***

Three planes are flying in on a single weekend during this year's "magical Winter Weeks? at Europa-Park. On 15 December, DERTOUR UK and Leger Holidays are running a non-stop flight from Nottingham, the first chance for the British to reach Europa-Park fast and direct so they can spend two days including overnight stay in Germany's biggest theme park. The very next day, 16 December, they will be joined by guests from Berlin and Vienna flying in to immerse themselves in a magical winterwonderland replete with romantic Christmas Market, top-notch winter shows and a great many other winter attractions.

The five flights bound for Lahr this year represent a first step toward making a name for Germany's biggest theme park as an attractive short-break destination over a wider catchment area. Europa-Park and the operators of Black Forest Airport in Lahr now have their sights set on the steady, ongoing growth of this new charter destination. In the months to come, it is hoped that, in collaboration with Babcock & Brown, other tour operators can be won over for Europa-Park's wide range of attractions and that passenger volumes from neighbouring European markets can be boosted.

*For further information and booking (flight from/to Nottingham), please contact Leger Holidays (phone: +44 (0)845 402 0360) or DERTOUR UK (phone: +44 (0)870 403 5442). For more information on Europa-Park, see [www.europapark.de](http://www.europapark.de) / Info-Hotline: +49 (0)1805 / 77 66 88 (?0.12/min. for calls within Germany).*
