Euromaus on the big screen in “The Secret of Balthasar Castle”

Fans and friends of Europa-Park have been waiting for this for so long – now a dream comes true. Europa-Park’s popular character Euromaus and his friends make their first steps on the big screen! In cooperation with the creators of the most successful German animated film “Animals United – 3D”, Mack Media produced a breathtaking 4D-film which will fascinate young and old alike at the Magic Cinema 4D.

In “The Secret of Balthasar Castle”, Euromaus and his friends Euromaui, Eurofant, Böckli and Louis will have to solve the enigma of the mysterious Balthasar Castle. Together, the five curious animals have to master thrilling situations. The adventurous treasure-hunt leads them through the mysterious catacombs of the ancient castle in the heart of Europa-Park. No doubt: Euromaus and friends will have to prove their courage. Only if they work together as a team, they can discover the big secret.

Exclusively for Europa-Park, the creators of the successful animated films “Impy’s Island – 3D” and “Animals United - 3D” produced a multimedia short movie. 15 minutes of adventurous fun and special effects will amuse and amaze the whole family. The famous Swiss singer DJ BoBo lent his voice to the Swiss character Böckli.

Europa-Park is the first German theme park which produced a film with its own characters. The latest technology has brought the mascots of Germany’s biggest theme park, Euromaus and his friends to life on the big screen. For more than one year, animated-film specialists worked on this unique 4D-film experience. The result is an unforgettable journey for the whole family, which will be screened several times a day at the Magic Cinema 4D from 26 November 2011.
